## My **u4c** message to the *world's* professional *accountants*:

To my fellow accountants *worldwide*,

As a Chartered Accountant for 62 years I have developed something *world-unique* that I know from long experience will be of benefit to *all* in the world of accountancy now from 2023.

I call it '**u4c**' – 'The *world's* **NEW** Excel **C**apability'.

**u4c** is so *radically new* and *unique* as to be *impossible* to apprise in words or demos.

But *easily* achieved in **3 minutes** for *all* in the accounting *world* via a YouTube search with:

**'Use u4c'**

I invite the *world's* professional *accountants* to take **3 minutes** to view **u4c** on YouTube – and *then* consider if having this new Excel **C**apability has any place in *their* work or careers.

Technically, **u4c** *automates* the application of Excel's *arcane* Advanced Filter Command (**AFC**) – the enormously powerful Excel command *shunned* for *decades* by the entire business world because of its inherent complexity *when applied manually*.

I *do* recognise that anything so *unique* and *game-changing* as **u4c** will *rightly* have its sceptics.

But to these, I ask that *they* ask themselves or *any* member of their firm or staff *this* question:

"Have *you* ever heard of the Excel **A**dvanced Filter **C**ommand?" (**AFC**).

**9** out of **10** will answer '**No**' – and this for an Excel command of such *unparalleled* power!

All that *partners*, *staff* and *clients* need to know about what **u4c** *is*, and *its use* and *benefits* is explained on the short '**Use u4c**' videos on YouTube that *anyone* can access in *seconds* with full details available on the **u4c** website at [www.u4c4seconds.com](http://www.u4c4seconds.com).

*Partners*, *firms* – indeed, the *entire business world* – also have the *vital* assurance that **u4c** *training* credentials are fully accredited by The CPD Standards Office (CPDSO) in London.

With my very best regards,
