My **u4c** message to *every* executive in the business **world**:

Dear Sir or Madam,

As a Chartered Accountant for **65** years I have developed something **world-unique** that I know from long experience will be of benefit to *all* in the **world** of **business management** from 2025.

I call it '**u4c**' – 'The **NEW** Excel **C**apability'.

**Google** '**u4c** Capability' to *see* for *yourself* what **u4c** *is* and *does* for business management.

Or you can enter '**Use u4c**' into YouTube's 'search' box.

I invite the **world's business owners** and their **managements** to take **3 minutes** to view **u4c** on YouTube – and *then* consider *which* of their personnel they can nominate to bring **u4c** **C**apability and its managerial thrust and benefits to *their* business operations.

You can view the **u4c** video '**Learn and Use u4c** in **3 minutes**' on YouTube *directly* from here:

<https://youtu.be/hSb67YeM088>

Technically, **u4c** *automates* the application of Excel's **arcane** **Advanced Filter Command (AFC)** – the enormously powerful Excel command *shunned* for *decades* by the *entire* business world due of its inherent complexity *when applied manually*.

I *do* recognise that anything as *unique* and *game-changing* as **u4c** will *rightly* have its sceptics!

But to these, I ask that *they* ask themselves or *any* member of their organisation *this* question:

"Have *you* ever heard of the Excel **Advanced Filter Command?**" (**AFC**).

**9** out of **10** will answer '**No**' – and this for an Excel command of such **unparalleled** power!

Everything *you* and your *people* will need to know about what **u4c** *is* and *its use* and *benefits* is explained on the short '**Use u4c**' videos on YouTube that *anyone* can access in *seconds*.

Full details are available on the **u4c** website at [www.u4c4seconds.com](http://www.u4c4seconds.com).

*You*, your *personnel* and *all* in business **worldwide** have the added and **vital** assurance that **u4c training** credentials are fully accredited by The CPD Standards Office (CPDSO) in London.

With my very best regards,

Edwin Dougherty FCA

Hello there!

I'm Edwin Dougherty, a Chartered Accountant with 65 years of experience. I've created something truly unique that I believe will revolutionise business management starting in 2025. I call it 'u4c' – 'The NEW Excel Capability'.

To get a better understanding of u4c, simply search for 'u4c Capability' on Google or enter 'Use u4c' into YouTube's search bar. I'd love for you to take just 3 minutes to watch the 'Learn and Use u4c in 3 minutes' video on YouTube. It's a game-changer!

u4c automates the application of Excel's Advanced Filter Command (AFC). You might have heard of it, but it's been shunned for decades because it's super complex when used manually. But u4c makes it easy and powerful.

I know some might be skeptical, but I ask you this: have you ever heard of the Excel Advanced Filter Command (AFC)? If not, you're missing out on a huge opportunity!

Everything you need to know about u4c and its benefits is in the short 'Use u4c' videos on YouTube. You can access them in seconds. For more details, head over to the u4c website at [www.u4c4seconds.com](http://www.u4c4seconds.com).

And the best part? u4c training credentials are fully accredited by The CPD Standards Office (CPDSO) in London. That means you can be confident that you're getting a top-notch education.

I hope you'll consider u4c for your business. It could be the game-changer you've been looking for!

Best regards,

Edwin Dougherty FCA
